保障员工健康与安全 Employee Health and Safety Protection

一直以来，公司高度重视员工的健康与安全，我们严格遵守《中华人民共和国安全生产法》《中华人民共和国职业病防治法》《中华人民共和国消防法》及《工伤保险条例》等相关法律法规和运营所在地所在国的其它对公司员工健康与安全有重大影响的法律法规，努力为员工提供健康安全的工作环境。上述法律法规旨在保障员工生产作业中的健康与安全，减少工伤事故，保护劳动者的合法权益。中国中铁作为工程施工类企业，保证安全生产、降低工伤事故是公司最为关注的领域之一，我们认为在生产运营中严格遵守法律法规对公司可持续发展至关重要，并不断在此领域强化管理。

2020年，公司坚持生命至上、安全第一，树牢安全发展理念，强化红线意识和底线思维，始终把员工的生命安全和身体健康放在第一位，继续推动“管”“监”系统责任落实，策划实施安全生产专项整治三年行动，部署新时期安全生产“2468”管理要点，持续强化安全生产管控，全面加强和规范安全生产教育培训，严格落实安全生产述职机制，促进自控体系有效运行。

新冠肺炎疫情爆发后，公司遵照政府工作要求，迅速作出总体安排，逐级成立疫情工作领导小组，七次召开会议专题研究部署境内外疫情防控、复工复产工作，全公司在较短时间内就形成疫情防控、复工复产两兼顾的良好局面。2020年，全公司无新冠肺炎疫情死亡病例，无复工复产引起的疫情输入和聚集性传染事件。中国中铁分布在90多个国家和地区的600余个机构和项目、近5,200名中方员工，无一例因疫病亡，重点项目无一停工。

All along, the Company attaches great importance to the health and safety of employees. We strictly abide by the relevant laws and regulations, such as the Production Safety Law of the People's Republic of China (《中华人民共和国安全生产法》), the Law of the People's Republic of China on the Prevention and Treatment of Occupational Diseases (《中华人民共和国职业病防治法》), the Fire Control Law of the People's Republic of China (《中华人民共和国消防法》) and the Regulation on Work-Related Injury Insurances (《工伤保险条例》) as well as other laws and regulations that have a material effect on employees' health and safety of countries where the Company carries out operations, and strive to provide employees with a healthy and safe working environment. Such laws and regulations aim to safeguard employees' health and safety during production operation, reduce work-related injuries and protect labor rights. Production safety and reduction of industrial accidents are one of the major concerns of CREC that engages in engineering construction. We consider that strictly abiding by the laws and regulations during production and operation is utterly important for the Company's sustainable development and thus continue to intensify management in this area.

In 2020, CREC adhered to the policy of supremacy of life and safety first. Bearing in mind the safe development philosophy, the Company strengthened red line awareness and bottom-line thinking. Giving top priority to the life safety and physical health of employees, the Company continued to promote the fulfillment of "management" and "supervision" responsibilities. The Company planned to launch a three-year plan for making special rectifications relating to safe production, and specified the "2468" management keypoints for safe production in the new era. At the same time, the Company continued to strengthen management and control of safe production, comprehensively strengthened and standardized safe production education and training, put in place the mechanism of safe production reporting, and promoted the effective operation of the automatic control system.

After the outbreak of the COVID-19, the Company quickly made overall arrangements as required by the government, and established leading groups responsible for the pandemic-related work level by level. The Company also held seven meetings to carry out a topic research on the pandemic and made plans for domestic and foreign pandemic prevention and control as well as work and production resumption. In a short time, the Company found a compromise between pandemic prevention and control and work and production resumption. In 2020, there were no deaths from the COVID-19 in the Company, no pandemic inputs from work and production resumption, or infections from public gatherings. None of the approximately 5,200 Chinese employees involved in more than 600 institutions and projects of CREC in 84 countries and regions died from the pandemic, and none of the key projects were suspended.

年度精准扶贫概要 Summary of Annual Targeted Poverty Alleviation

2020年，中国中铁在三个定点扶贫县脱贫摘帽后，坚持“四个不摘”，继续保持资金投入力度，充分发挥企业优势，扎实推进定点扶贫各项工作，帮助定点扶贫县全面巩固脱贫攻坚成果，有效衔接乡村振兴。

一是中国中铁扶贫工作受到总书记点赞和关注。2020年4月，习近平总书记到陕西省商洛市柞水县小岭镇金米村考察脱贫攻坚工作，实地视察中国中铁一局投资建设的金米村智能连栋木耳大棚产业项目时，点赞“小木耳，大产业”。

二是公司领导现场调研安排部署扶贫工作。公司主要领导带队到湖南省桂东县、汝城县和山西保德县调研考察，了解巩固脱贫成果情况，帮助解决实际困难。调研组在扶贫县举行了重点援建项目签约仪式、走访慰问了建档立卡贫困户、看望了挂职干部、检查了建设项目、与县委县政府召开了巩固脱贫攻坚成果座谈会，并就做好巩固脱贫攻坚成果、有效衔接乡村振兴与当地官员进行了深入交流，提出了针对性的意见和建议。

In 2020, after the three designated poverty alleviation counties got rid of poverty, the Company, by upholding the principle of “eliminating poverty without evading responsibilities, policies, assistance or supervision”, continued to maintain the level of capital investment and give full play to the advantages of enterprises. The Company steadily moved forward with targeted poverty alleviation while helping targeted poverty alleviation counties comprehensively consolidate poverty alleviation results, a step closer toward the link with rural revitalization.

First, CREC’s poverty alleviation has been praised and concerned by the General Secretary. In April 2020, General Secretary Xi Jinping visited Jinmi Village in Xiaoling Town, Zhashui County, Shangluo City, Shaanxi Province, to investigate the work of poverty alleviation. When inspecting the industrial project of smart multi-span fungus greenhouses, which were invested in and built by China Railway No. 1 Engineering, he praised Zushui fungus as “small fungus, big business”.

Second, the Company’s leaders arrange for poverty alleviation through on-the-spot investigation. The Company’s main leaders led teams to investigate the Guidong County and Rucheng County in Hunan Province and Baode County in Shanxi Province, to understand the consolidation of poverty alleviation results and help overcome practical difficulties. The investigation group held a signing ceremony for key aid projects in poverty alleviation counties, visited and extended its regards to registered impoverished households, visited the cadres assuming a temporary post, checked construction projects, and held a symposium with the County Party Committee and the County Government on consolidating poverty alleviation results. The investigation group also made in-depth exchanges with local government officials on how to consolidate poverty alleviation results and effectively link poverty alleviation with rural revitalization, and put forward targeted opinions and suggestions.

三是推进全面脱贫与乡村振兴有效衔接。2020年继续聚焦扶贫县教育与交通基础设施短板，发挥中国中铁援助资金的撬动作用，投入专项资金6000万元，推进全面脱贫与乡村振兴有效衔接。在湖南省桂东县寨前镇建设九年一贯制学校一所，在湖南省汝城县职业技能教育中心捐建教学楼1栋，在山西省保德县引入当地民营企业共同建设“中铁幸福大道”北段项目。

四是以消费扶贫解决贫困地区农产品滞销问题。公司精心组织，广泛动员，上下联动，鼓励所属企业及广大干部职工加大购买及消费力度。在公司内部电商平台上开设专区长期展示销售定点扶贫县的农产品；将发放贫困县农产品采购券作为员工福利，有力推动贫困县农产品的销售。公司选派的挂职干部积极想方设法，有的化身网络主播、有的采取认购模式，带动当地农产品销售。

经过各方努力，2020年中国中铁提前并超额完成定点扶贫责任书各项指标任务。向定点帮扶县投入专项资金6,390万元，为定点扶贫县引进帮扶资金7994万元，培训基层干部213人，为定点扶贫县和其他贫困地区培训专业技术人员7,226人。2020年度，各所属企业积极开展扶贫领域工作，共有28家单位参与扶贫开发工作。全公司共投入扶贫资金16,950.35万元，帮助建档立卡贫困人口1,326人脱贫，资助贫困学生4,443人；购买定点扶贫县农产品1,517.69万元、其他贫困县农产品112.87万元、湖北地区农产品505.54万元，帮助销售农产品164.89万元。

Third, the Company promotes the effective link between comprehensive poverty alleviation and rural revitalization. In 2020, staying focused on the weak spots of education and transportation infrastructure in poverty alleviation counties, the Company fully leveraged the assistance funds and invested in RMB60 million special funds, to promote the effective link between comprehensive poverty alleviation and rural revitalization. The Company assisted the construction of a school that implements the nine-year system in Zhaqian Town, Guidong County, Hunan Province, and donated 1 teaching building for the Vocational Skills Education Center in Rucheng County, Hunan Province. The Company joint hands with a local private enterprise in Baode County, Shanxi Province, to construct the north section of the “China Railway Xingfu Avenue”.

Fourth, the Company solves the problem of slow-selling of agricultural products in poor areas by means of poverty alleviation through consumption. The Company carefully organizes and widely mobilizes its subordinate enterprises and the vast number of cadres and workers at different levels, to intensify efforts to purchase and consume agricultural products. The Company sets up a special section on its internal e-commerce platform, to display and sell the agricultural products from targeted poverty alleviation counties for a long time, and issues procurement coupons of the agricultural products from impoverished counties as employee benefits, which gives a strong impetus to the sale of agricultural products from impoverished counties. The Company's cadres assuming a temporary post actively try every means to promote the sale of agricultural products, such as acting as network anchors and adopting the subscription model.

Through the concerted efforts of all sides, CREC surpassed the targets as set forth in the document of targeted poverty alleviation ahead of schedule in 2020. The Company invested RMB63.90 million of special funds in designated counties receiving assistance from the Company, attracted RMB79.94 million of assistance funds for targeted poverty alleviation counties, trained 213 grass-root cadres, and trained 7,226 professional and technical personnel for targeted poverty alleviation counties and other poverty-stricken areas. In 2020, the subordinate enterprises actively carried out work in the field of poverty alleviation, and a total of 28 units participated in poverty alleviation and development. The Company invested a total of RMB169.5035 million in poverty alleviation, helped 1,326 registered impoverished people get rid of poverty, and financed 4,443 poor students. The Company purchased RMB15.1769 million of agricultural products from targeted poverty alleviation counties, RMB1.1287 million of agricultural products from other impoverished counties and RMB5.0554 million of agricultural products from Hubei province, and helped sell RMB1.6489 million of agricultural products.
