Section 3 Significant Events

I. Significant Changes in Principal Accounting Statement Items and Financial Indicators and the Causes

(I) Influence of the revised accounting standards upon the Company's consolidated statements

In accordance with the revised Accounting Standards for Enterprises No.2 - Long-term Equity Investments, in the reporting period, the Company had no common control over or significant influence upon the investees and there was no long term equity investment for which there was no quotation in the active market and whose fair value could not be reliably measured. In accordance with the Accounting Standards for Enterprises No. 22 – Recognition and Measurement of Financial Instruments, the long term equity investment was calculated as available-for-sale financial asset and measured based on cost and retroactive adjustment was made for the amounts in the consolidated statement at the beginning of the reporting period.

Specific adjustment of the amounts in the consolidated statement at the beginning of the reporting period is as follows:

Investee's name	Amount at the beginning of the reporting period before the adjustment			Amount at the beginning of the reporting period after the adjustment
